

2017 ZJU CYBERSECURITY WORKSHOP

JULY 27th, 2017

NEW BUILDING OF INDUSTRIAL CONTROL
TECHNOLOGY, ROOM 501
ZHEJIANG UNIVERSITY

INVITED TALKS

“Security Challenges in Manufacturing”
Dr. Marianne Winslett,
University of Illinois at Urbana-Champaign;
Advanced Digital Sciences Center,
Singapore

“Hacking Sensors”
Dr. Yongdae Kim,
Korea Advanced Institute of Science
and Technology

***“Extending trusted computing to the
Cloud”***
Dr. Ee-Chien Chang,
National University of Singapore

***“Unifying Reliability, Security, and
Deduplication in Cloud Storage”***
Dr. Patrick Lee,
Chinese University of Hong Kong

***“Secure Clock Synchronization Using
Power Grid Frequency”***
Dr. David Yau,
Singapore University of Technology and
Design

***“Secure Consensus-based Time
Synchronization in WSNs”***
Dr. Peng Cheng,
Zhejiang University

**Morning Session Starts From:
09:00 AM**

**Afternoon Session Starts From:
02:00 PM**

WORKSHOP CHAIRS

Dr. Peng Cheng
Zhejiang University

Dr. David Yau
SUTD

The workshop is jointly funded by the State Key Laboratory of Industrial Control Technology, Zhejiang University (ZJU). For more information, please visit our site, or directly contact Dr. Peng Cheng via pcheng@iipc.zju.edu.cn.
